The House of Colonna currently hold the hereditary position of Prince Assistants to the Papal Throne at the Vatican. They claim to be the Julio-Claudian dynasty of ancient Rome and they directly descend from Peter de Columna and the Counts of Tusculum from the 10th century. The Counts of Tusculum produced 6 popes. Cologne Germany was named Colonia Claudia Ara Agrippinensium named for the Julio-Claudian family. The Colonnas descend from the Counts of Tusculum which took the name Ptolemy. The Julio-Claudian dynasty ruled Rome during the conquering of Ptolemaic Egypt and the Julio-Claudian family also married in with the Ptolemaic Dynasty. The Ptolemy family are an Italian nobility claiming ancestry from the Ptolemaic Dynasty. They were established in the 12th century and they purchased the fiefdom of Patrica from the Colonna family. Count Claudio Ptolemy is a current member. The Colonna family use the column on their coat of arms which is a symbol for political power. The Colonna name derives from the Greek word kolona which means a column. The Columbus and Colombo names also derive from Columna and Peter de Columna. The South American nation of Colombia is named after Columbus. Christopher Columbus was a relative of the Colonna family and he claimed America for Rome. Christopher Columbus was born in Genoa and he was partly financed by the Doria banking family which have intermarried with the House of Colonna several times in the past like with Prince Fabrizio Colonna and his wife Bianca Doria the Duchessa of Tursi as well as Prince Andrea Doria III of Melfi and his wife Princess Giovanna Colonna di Paliano. The Colonna family ruled in Alba Longa and covertly established a branch in Salamanca, Spain as the Dukes of Alba originally ruled by the Alvarez family now the Dukes of Toledo. Salamanca uses the column on its flag and the Dukes of Alba are intermarried with Christopher Columbus' family with his son Diego Colon and Maria de Toledo. The Alvarez family and their billionaire cousins the FitzJames family of Spain and Dukes of Alba currently work with the Colonnas. The Colonna family are primary owners of the Motisi Mafia clan of Palermo and Sicily. The House of Colonna married in with the Ventimiglia Princes of Palermo and ruled in regions of Sicily as nobles and as Viceroy of Sicily with Prince Marcantonio Colonna. Baron Niccolo Turrisi Colonna was a politician from Palermo who made early mentions of the mafia before they were officially recognized. Niccolo also claimed that the government attempting to shut down the mafia made the problem worse as if he was defending them to the point he was believed to be the head of the mafia. This is what the global crime syndicate does. When they get

exposed they react by being more murderous and terroristic and then blame the people exposing them.

The Colonnas are the primary owners of the Colombo crime family and were part owners of the Jewish Mafia which infiltrated Hollywood creating Columbia Pictures through their New York mafia associates like Harry Cohn who met with Mussolini and was friends with mafia associates like John Roselli and Jack Entratter. In the 19th century Princess Livia Colonna married into the their ancient cousins again with Duke Fernando Alvarez de Toledo and their grandson was Alvaro Alvarez de Toledo who married Anna Maria DuPont. The DuPont family of France use the Colonna's column on their coat of arms. The DuPont family founded DuPont an international chemical company which is located in Delaware and has about 46 billion in assets. The Colonna and Alvarez families have covert shares in and authority over DuPont now called DowDuPont which is one of largest chemical companies in the world. Jeff Fettig is Chairman of Dupont, Howard Ungerleider is CFO, and Edward Breen is the CEO. Jerry Colonna appears to be used for handling their criminal transactions and for money laundering. The Colonna family ceremonially rule over Capitoline Hill in Rome which represents the political power of Rome's corporate empire. The column symbolizes the political support that maintains their fraudulent claim to corporate-governmental ownership over a land. The Colonna family are a corporate mafia involved in infiltrating politics and businesses, financing organized

crime, and supplanting cultures. Freemasonry uses two pillars or columns in their temples which covertly symbolizes the two Colonna princely lines of Stigliano and Paliano. Prince Prospero Colonna di Stigliano is covertly controlling the Grand Lodge of Ireland and overseeing the Roman Catholic Church in Ireland. Cardinal Timothy Dolan the Archbishop of New York works under the Colonnas. Charles Dolan was Jesuit educated from John Carroll University and is worth 6 billion as the founder of Cabelvision. Washington DC was called Rome in 1669 and this is stated in the Catholic Encyclopedia. Most of

the architecture in the District of Columbia is Roman architecture. America is named after the Italian explorer Amerigo Vespucci who created the term "New World" for the Americas. The United States has been in tax contract with the Government of Ireland through the 1871 District of Columbia Organic Act. The Colonnas have been stealing from the American people through US tax contracts with the Irish government. The Colonnas have a hidden alliance with the Irish Guinness banking family. The Colonnas manage the Grand Lodge of Ireland and are a top authority of the The Freemasonic Oddfellow Order with Prince Oddone Colonna. The **Juliá-Colonna epoxidation** is an asymmetric poly-leucine catalyzed nucleophilic epoxidation of electron deficient olefins in a triphasic system. Furthermore, the reaction has been effectively scaled up to industrially useful levels, with work conducted notably by **Bayer and Evonik**. Finally, the enzyme-like activity of the

Congrats for your exceptional work.  
Found a inconsistency relating Colonna to Columbus, is not the same family, please check Jordi Bilbeny's work. Columbus family today is Colón de Carbajal deeply related to Casa Real.
